

2017 Conference Recording

T14 -Provincial TR Stroke Core Competencies

Presenters:

**Keli Cristofaro, R/TRO & Holly
Graham, Regional Stroke
Network**

Session Description:

The intent of the Stroke Competency framework is to provide health care professionals working in stroke with a clear and comprehensive way to independently achieve core competencies needed for evidence – based stroke care. Let Holly and Keli take you through the journey of the TR core competencies and options in how you can utilize them in your practice.

Objectives:

1. To provide an understanding of the 16 TR core competencies.
2. To provide an overview of evidence based stroke care as it relates to TR.
3. To support TR professionals in accessing the framework and provide options for its usability.

PCCs:

- Pre-approved for 1.5 professional contribution points
- [Purchase a PCC Transcript](#)
