

## Manuscript Comment Table for TRPR Journal of TRO 2017

### *Practice Papers*

Paper title: \_\_\_\_\_

Editor: \_\_\_\_\_

Criteria	Comments
Organization, structure, and presentation (style, clarity, and readability)	
Does the paper highlight a <u>program, practice, or intervention</u> you have developed, or are in the process of developing, or does it explore specific <u>TR issues or topics</u> of TR conversation (e.g., ethics, credentialing, insight into supporting a specific population, new treatment models etc.)?	
Does it have an abstract that is approx. 250 words and also includes 5-6 keywords that best describe content of the article?	
Is the length of manuscript a maximum number of 15 pages including references?	
Is it formatted properly? Type manuscripts in <i>Microsoft Word</i> , Times New Roman (font size of 12), double-spaced, with 1-inch margins on all four sides. Tables must be original (created in your WORD document, or able to be edited in WORD), figures must be of high quality (i.e., jpg file, high dpi).	
Do the citations and referencing follow the guidelines laid out in the Publication Manual of the American Psychological Association, 6th edition guidelines for the text, labeling tables and figures, citations, and references?	
Please provide additional comments for the author(s):	

In your opinion, this paper should be (highlight one):
